

AUSTRALIA SEMI CASSETTE FOLDING ARM AWNING

GLOBAL AWNING ACCESSORIES

WWW.GLOBALAWNINGS.COM.AU

FEATURES

- 40mm x 40mm Square Bar.
- 70mm Galvanised roller tube to 5000mm, 78mm thereafter.
- 7:1 Gear-box is standard – Awnings over 6000mm should be motorized.
- Heavy duty arms with stainless steel chain.
- Awning width from 1946mm to 7036
- Projection from 1600mm to 3600mm – We have the largest arm size range in Australia. BAT do not recommend 4100 arms for the Australia Folding Arm Awning. If wanting 4100mm arms, please select our Global 2020 Folding Arm Awning.
- Customer adjustable pitch control on each arm is an optional extra – Adjustment range 5 degrees to 60 degrees.
- Optimal self alignment when closed 15 degrees.
- Modern styled heavy extruded 2 piece aluminium hood and extended front bar.
- Gives great sun protection when needed and can be retracted when required.
