Your eZIP® Track Blind specialist is:

# EXPERIENCE TRUE OUTDOOR COMFORT

Whether you want to shield the weather for the ideal outdoor kitchen, enclose the pergola or create your own alfresco courtyard, eZIP® track blinds are the perfect solution. With various installation options & remote control operation, eZIP®s are designed to perform in the harsh Australian environment.

A patented multi-direction tension setting ensures eZIP® track blinds always look good with optimal blind alignment for a taut blind fabric result that compliments any outdoor setting.

## WHY eZIP®?

### EZIP MOTION TECHNOLOGY

Floating side channel with fully concealed side retention for ultimate performance & protection.

### EVENLY WEIGHTED BOTTOM RAIL

Optimal down force fabric tension for smooth blind rolling motion.

### SUSPENDED STEEL WEIGHT

Steel rods anchored to bottom rail ends for even weight distribution. Specially designed sound absorbing weight plug ends to assist with water drainage.

### ADJUSTABLE SIDE CHANNEL

Unique patented multi-direction tension adjustment for consistent blind alignment & problem-free installation.

### FULLY ENCLOSED RETENTION SYSTEM

Fabric retention with no visible tapes or welds to protect from the harshest elements.

### BOTTOM RAIL END CAPS

Fabric anchored to mid point of rail with reinforced fixingpoints for additional tear strength.

## Create a Seamless Living space

### HOME AUTOMATION

Take your outdoor area to the next level by integrating the latest technology with your eZIP® track blinds. Control with a remote, your smartphone, or voice activation via wireless hub technology.

eZIP® motorized blinds are the ultimate complement to your outdoor space.
